

## ***SEEM Educational Collaborative Lunch Program***

SEEM Collaborative will be providing breakfast and lunch to all students, during the school year, at no cost. This program is for all SEEM students, whether they are attending classes in person or remotely. Students that attend in person classes will be offered free breakfast and free lunch each day. Lunch will be provided at the school or sent home with the student.

Students that are fully remote may have meals delivered to their residence. Please reach out directly to your child's school for this to be arranged. Deliveries will be made on Tuesdays and all meals for 7 days (this could change to 5 days later during the school year, at the discretion of the USDA) will be distributed at this time.

Students that are doing a combination of in person classes and remote will be given enough meals for remote days when they are dismissed.

Menus will be similar to what the students receive daily in person and are dependent on how well they can travel. Instructions on how to heat and refrigerate will be given with the meals and will be posted on the Seem webpage.

Please note that due to product shortages and other unforeseen circumstances, it is possible that the menu might change. If your child has special dietary needs please make sure his/her school has this information, so food services can address the needs.
