

Top Places to**Work**

TOP PLACES TO WORK

Top large employers for 2017 in Mass.

These 35 organizations with 250 to 999 employees made the Globe's list of top workplaces.

NOVEMBER 16, 2017

This year, more than 75,000 workers at 334 companies around the state completed anonymous surveys administered by the employee engagement company Energage (formerly called WorkplaceDynamics) of Exton, Pennsylvania. The survey asks employees about management, training, direction, job satisfaction, and more; the more positive the response, the higher the company ranks.

Winners are named in four categories, based on number of employees: small (50-99 employees); medium (100-249); large (250-999); and largest (1,000 or more).
